

Dear Previous and Potential MOBARR Race Directors,

Thank you to each of our Missouri, Kansas, and Illinois Race Directors who are working diligently to host an event. Your efforts are greatly appreciated by the Missouri Bicycle Racing Association, the teams, and the riders that are able to showcase their talent and their sponsors at your events.

All Race Promoters that wish to have their event included in the MOBARR (Missouri's Best All-Around Road Racer) Points Series must submit the attached application for review by the MOBRA Board of Directors. There is no minimum or maximum number of events that will be selected however; ALL events must meet the minimum requirements listed below to be considered:

Criteria Highlights for a BARR event:

- Only race directors, promoters, and/or clubs who are in good standing with MOBRA and USAC are eligible to be considered for BARR endorsed races for the following year.
- Event categories and fields must match those established in the BARR competition to be considered for inclusion. *Local events that are part of a national race calendar, for example, may be granted exemption to the BARR criteria listed here, at the discretion of the MOBRA board*
- Master's field ages must match those established in the BARR competition: currently 40+ and 50+.
- Overlapping of BARR Classifications will not be permitted for BARR road races. This is to eliminate the confusion of which race counts towards the BARR competition.
- Use of MOBRA Race Manager for registration and results is required (already included in the \$.75/rider MOBRA fee).
- Promotions within Race Manager must be set up to separate combined fields when applicable (example: 40/50+ masters).
- All BARR races must include/provide:
 - Podium presentation for winners. Photographs of the podiums sent to MOBRA for posting to mobra.org
 - Call-ups to recognize the current leaders in the BARR competition
 - An amplified public address system with an announcer that, at a minimum, is utilized for call-ups and the podium presentations
 - MOBRA Board of Directors will evaluate all events on a case-by-case basis and may elect (by a majority vote) to waive one or more of the criteria above during the event approval process
- *For a full list of rules and requirements see the attached Article 10 from the MOBRA By-Laws that governs the BARR competition.*

Please complete the application forms and return to the MOBRA BARR Coordinator (bjkeane3@gmail.com) no later than December 31st (of the year preceding the event).

Please include the following information for consideration:

- 1. Signed MOBARR Event Application**
- 2. Course Map (if available)**
- 3. Current or previous race flyer from your event**

We look forward to working with you to make this year's MOBARR Point Series a success.

Sincerely,

Missouri Bicycle Racing Association

MOBARREvent Application

Application Deadline:

The application deadline for events to be considered for inclusion in the MOBARRpoints series is **December 31**.

Selection Criteria:

The bids will be reviewed and the following criteria will be factored in (in no particular order):

1. Calendar flow
2. Accepting the guidelines
3. Previous year's race and race director in good standing with USAC.

Acceptance:

All race directors submitting applications must complete the application and return it to MOBRA BARR Coordinator (bjkeane3@gmail.com) by the application deadline. MOBRA reserves the right to reject any application received. Questions and completed applications should be sent to: bjkeane3@gmail.com

Race Director Commitment:

Race & Date being submitted for consideration:

Date: _____

Race Name: _____

Race Director's Name: _____

Race Director's Contact Email Address: _____

Race Director's Phone Number: _____

Team Affiliation: _____

Signature: _____

In signing and returning this page, I agree to the listed rules and requirements in the attached BARR rules and as discussed above guide. Any issues or concerns with any item(s) put forth in this application have been discussed with the MOBRA BARR Coordinator at or before the time of submitting this application.

MoBRA By-Laws Article 10 - Best All-Round Road Rider Series (BARR)

10.1. Intent and Interpretation:

- 10.1.1.** MOBARR Competition – Missouri Best All-Around Road Rider Competition. The MoBRA BARR competition will provide individual rankings for one or more cycling disciplines. Current rider standings will be maintained and made available on the MoBRA.org website. BARR series point classifications will be set by the elected MoBRA Board of Directors in such a way that encourages participation in BARR endorsed events.
- 10.1.2.** Any dispute on rule application or interpretation shall be brought to the attention of the MoBRA BARR coordinator, in writing. Disputes shall be resolved through a majority vote of the entire MoBRA board.

10.2. Definitions

- 10.2.1.** MoBRA – Missouri Bicycle Racing Association
- 10.2.2.** MOBARR Coordinator. Person appointed by the MoBRA Board of Directors to update the standings and administer the MOBARR Competition.
- 10.2.3.** Classification – MOBARR competition group in which standings are organized. See Article 10.1. Classifications
- 10.2.4.** Event – A registered race officially defined by the USAC approved race flyer
- 10.2.5.** Race – A subgroup within an *Event* as defined by the USAC approved race flyer.
- 10.2.6.** Field – A potential subset of a *Race*. A group of participants within a *Race* that compete for a separate set of awards, prizes and/or placing which apply exclusively to that particular group. Example: A master's *Race* may combine the 40+ and 50+ *Fields*.
- 10.2.7.** Category – An individual rider's USAC racing Category.
- 10.2.8.** Promotion – The term used by the Race Manager software. Interchangeable herein with *Event*.

10.3. Criteria for a BARR event:

- 10.3.1.** Only race directors, promoters, and/or clubs who are in good standing with MOBARR and USAC are eligible to be considered for BARR endorsed races for the following year.
- 10.3.2.** Race Directors/Promoters must make their request to be included in the BARR competition to the MoBRA Calendar Coordinator when applying for a calendar date at the annual scheduling meeting (typically October or November of the previous calendar year). The list of MOBARR races for the year will be announced at the January MoBRA meeting.
- 10.3.3.** Event categories and fields must match those established in the BARR competition to be considered for inclusion.
- 10.3.3.1.** Local events that are part of a national race calendar, for example, may be granted exemption to the BARR criteria listed here, at the discretion of the MOBRA board
- 10.3.3.2.** Master's field ages must match those established in the BARR competition. Currently 40+ and 50+.
- 10.3.3.3.** Overlapping of BARR Classifications will not be permitted for BARR road races. This is to eliminate the confusion of which race counts towards the BARR competition.
- 10.3.4.** Use of MoBRA Race Manager software is required.
- 10.3.4.1.** Promotions within Race Manager must be set up to separate combined fields when applicable (example: 40/50+ masters).

10.3.4.2. Results will be submitted to MoBRA BARR coordinator using the export feature and a format as stipulated.

10.3.5. All BARR races must include/provide:

10.3.5.1. Podium presentation for winners. Photographs of the podiums sent to MoBRA for posting to MoBRA.org

10.3.5.2. Call-ups to recognize the current leaders in the BARR competition.

10.3.5.3. An amplified public address system with an announcer that, at a minimum, is utilized for call-ups and the podium presentations.

10.3.6. MoBRA Board of Directors will evaluate all events on a case-by-case basis and may elect (by a majority vote) to waive one or more of the criteria above during the event approval process.

10.4. BAR competition rules and organization:

10.4.1. Classifications:

10.4.1.1. Men's Pro, Category I, Category II

10.4.1.2. Women's Pro, Category I, Category II

10.4.1.3. Men's Category III

10.4.1.4. Women's Category III, IV

10.4.1.5. Master's 40+

10.4.1.6. Master's 50+

10.4.2. Points will be awarded to the top 10 riders in each BARR field/classification at each BARR endorsed event.

10.4.2.1. Point sequence for the top ten riders at BARR events: 15,12,10,8,6,5,4,3,2,1

10.4.2.2. Point sequence for the top ten riders at Missouri State Road Championship BARR events:
30,24,20,16,12,10,8,6,4,2

10.4.3. Examples of Rule Applications:

10.4.3.1. Case 1: When riders are not eligible to compete against all other riders in their BARR classification:

10.4.3.1.1. No members of the classification are awarded BARR point at that event. Specific examples:

10.4.3.1.2. An event with Men's P,I field and a Men's II,III field. Since the cat II riders are not eligible to race against the competitors in their BARR classification (P,I,II), no points are awarded towards the P,I,II classification in either race, however, cat III riders will be scored for the cat III classification from their outright placing in the II,III race.

10.4.3.2. Case 2: Time trials:

10.4.3.2.1. Riders are not allowed to score multiple points in a single Time Trial event using the same trial. Example:

10.4.3.2.2. A single attempt: a rider must designate his classification intentions prior to that start. A single time trial result will not be applied to multiple BARR classifications.

10.4.3.2.3. Multiple attempts: A rider can score points towards multiple BARR classifications by racing more than once. That rider must designate which start time will apply to which classification at registration prior to his/her first start time.

10.4.3.3. Master's 40+ and 50+

10.4.3.3.1. Master's categories will always be scored separately for BARR points in events where Master's fields are mixed/combined.

10.4.3.3.1.1. Example: The highest placed 50+ rider will always score 1st place BARR points regardless of their overall placing in the specific vent.

10.4.3.3.1.2. Master's riders can only score points towards the Master's BARR classification in Master's races.

10.4.3.3.1.3. Master's racers are also eligible for the BARR classification that corresponds to their rider category, however those points are scored separately and independently of the Master's points. Example:

- 10.4.3.3.1.4.** A Master's racer places top 10 in the Master's event and also a top 10 in the P, I,II event. Those results are tracked separately and only count towards their appropriate BARR classification.
- 10.4.3.4.** MoBRA BARR Coordinator will have the final say in BARR scoring/rules interpretation.
- 10.4.4.** Mid-season upgrades and points scored above a rider's license classification:
 - 10.4.4.1.** Riders are eligible to score points in a BARR classification that is higher than their licensed rider category. Specific example:
 - 10.4.4.1.1.** A men's cat III rider can score points in the P,I,II BARR classification in events where they are combined (i.e. P,I,II,III events). This encourages strong riders to upgrade once they are eligible.
 - 10.4.4.1.2.** The rider is not eligible to win the higher classification unless they upgrade their USAC category to within the classification before the last BARR endorsed event of the year. (Because of the limited events where this instance occurs leading in the standings prior to upgrading is highly unlikely)
 - 10.4.4.2.** Riders who upgrade out of a classification before the end of the year will no longer accrue points towards that BARR classification however they are still eligible to win the lower BARR classification. Specific example:
 - 10.4.4.2.1.** A women's cat III rider is winning the Womens III,IV BARR competition but upgrades to cat II mid-way through the season. That rider will no longer score points towards the cat III,IV classification once they upgrade, but they are still eligible to win the Cat III,IV classification at the end of the year if not overtaken in the standings by the next placed rider.
- 10.4.5.** All Missouri licensed riders, as well as riders from out of state, within a BARR category will be eligible for BARR points.
 - 10.4.5.1.** One-day license holders are NOT eligible to score BARR points.
- 10.4.6.** Unattached racers are eligible for BARR points.
- 10.4.7.** Standing updates, corrections, final results:
 - 10.4.7.1.** MOBRA BARR Coordinator will make a concerted effort to update standings within 7 days after results for an individual event are posted to USA Cycling.
 - 10.4.7.2.** Corrections in the standings can be submitted to the MoBRA BARR coordinator.
 - 10.4.7.3.** Corrections to individual race results must be requested through the Race Director and approved by the Chief Judge or Referee for that event.
 - 10.4.7.4.** Preliminary year-end BARR results will be posted within 14 days of the final BARR endorsed event. There will be a 5-day protest period before standings become final for the year.
- 10.4.8.** Awards:
 - 10.4.8.1.** BAR Champions are entitled to one free race entry at all BARR participating events in the season immediately following their victory.
 - 10.4.8.1.1.** Their free entry can be used in any category.
 - 10.4.8.1.2.** BAR champions electing to do multiple races at a single event must still pay the event's entry fee for the second race.
 - 10.4.8.1.3.** The second race fee for the BARR champion will be the same as the second entry fee for any rider (typically reduced).
